

How to Access Your Graco 401(k), Pension and Stock Accounts

Empower Retirement has enhanced security for accessing **gracoretire.com**. As part of an overall effort to safeguard account information, their authentication process helps ensure that you, and only you, can access your account.

The enhanced security requires that you have a phone number or email on file with Empower so you can receive a verification code that will enable you to log onto **gracoretire.com**. At this time, Graco does not provide email addresses or phone numbers to Empower. Therefore, if you are a new employee, or if you have not already entered a preferred email address or phone number online, you will need to call Empower to request a verification code to log in.

What you need to do

Call Empower Retirement at **855-444-8588** and provide the customer service representative with the following information to verify your identity:

- Full name
- Social Security Number
- Address
- Date of birth

You may also be asked to verify your date of hire. The representative will ask you to provide an email address and/or phone number in order to send you a verification code. You will be given a temporary PIN and then walked through registering as follows:

1. Select the *Register* button.
2. Select the *I have a PIN* tab and enter the temporary PIN the representative gave you.
3. Set up your username and password.
4. Select your preferred method to receive the verification code and click the *Request a Verification Code* button. A code will be delivered to you based on your preference.
5. Enter the verification code that is delivered to your email or phone.

Once you have registered, you will be able to log onto **gracoretire.com** from any internet connected device. You will not need to enter a verification code again, unless you try to log in from a device the website does not recognize.

Please contact Empower Retirement at 855-444-8588 with any questions.
